RE: Milford Project
Kolt Mining Company
ACT/001/006
Beaver County, Utah

Dear Mr. Wall:

The Division of Oil, Gas and Mining has been awaiting your response to our April 1, 1983 letter along with the posting of a reclamation surety in the amount of \$44,896.00 as stated in our letter of March 23, 1983. It is fully understood that there have been some problems which have delayed your responses, but it is not the Division's policy to allow tentative approval to run for an indefinite period. There must be some good faith show from Kolt Mining that the permit is being seriously pursued or the Division will remand the tentative approval.

If a reclamation surety has not been posted and the concerns of our April 1, 1983 letter resolved by November 30, the tentative approval will be remanded. The permitting process will then have to be reinitiated by Kolt Mining and the Division will re-establish its priority on the review list.

Sincerely,

CYRIL J. YOUNG
ENGINEERING GEOLOGIST
